General transcript information

Which transcripts do you require?
If you attended more than one post-secondary college/university, we require an official transcript from each school, including universities attended in the U.S.

What makes transcripts official?
Transcripts are considered official if they have an original signature of a school official or an original school seal. Accepted signatures include the Registrar, Principal, Controller of Examinations, or The Ministry of Education. In addition, we will accept documents that have been stamped as official by the embassy/consulate. U. S. transcripts must be sent directly from the institution electronically or indirectly by having them mailed from the Registrar in a sealed and signed school envelope that is addressed to the applicant. If the Registrar will not release your transcripts to you in a sealed envelope, transcripts may be sent by the Registrar directly to us at the address below. Photocopies or other duplications of a transcript, such as notarized, faxed or scanned copies are not considered official.

What about transcripts not in English?
Applicants from an institution that does not issue a transcript in English must submit the official native language transcript with an official English translation. Official translations are prepared by a recognized translator and include all original seals and/or signatures; photocopies are not accepted.

Do you accept education evaluations?
Evaluations of transcripts are considered unofficial.

Do you accept consolidated or provisional transcripts/mark-sheets?
Consolidated transcripts or provisional mark-sheets are not considered official. Please ask the registrar to send individual mark-sheets that list grades earned in each term.

What if I have only one copy of my transcript?
Send the original copy with a request that it be returned to you upon completion of processing. If you have already sent it to a U.S. institution, the institution can also provide us with a copy of their records (see 3a).

Bacterial Meningitis Vaccine
ALL new students are required to show evidence of a bacterial meningitis vaccination within five years from the start of the semester for which they intend to enroll. More information will be available at time of admission.
