### Admission Criteria/

**Additional Information**

Graduate admission decisions are made by each of the individual Graduate Departments and are competitive; thus, you should contact the specific department or program prior to applying to discuss your intent to apply. The decision to admit an applicant to a program of study leading to a graduate degree is the shared responsibility of an academic department, an intercollegiate faculty (where applicable) and/or a college.

**Bacterial Meningitis Vaccine**

ALL new students under age 22 are required to show evidence of a bacterial meningitis vaccination within five years from the start of the semester for which they intend to enroll. More information will be available at time of admission.
3. **Official Transcript(s)** are required from each post-secondary university or college attended. College work from one institution posted on the transcript of another institution will not be accepted.

**General transcript information**

**Do you require degree statements?**
An official statement of the award of the degree or diploma is required for each degree completed.

**What makes transcripts official?**
Transcripts are considered official if they have an original signature of a school official or an original school seal. Accepted signatures include the Registrar, Principal, Controller of Examinations, or The Ministry of Education. In addition, we will accept documents that have been stamped as official by the embassy/consulate. U.S. transcripts must be sent directly from the institution electronically or indirectly by having them mailed from the Registrar in a sealed and signed school envelope that is addressed to the applicant. If the Registrar will not release your transcripts to you in a sealed envelope, transcripts may be sent by the Registrar directly to us at the address below. Photocopies or other duplications of a transcript, such as notarized, faxed or scanned copies are not considered official.

**What about transcripts not in English?**
Applicants from an institution that does not issue a transcript in English must submit the official native language transcript with an official English translation. Official translations are prepared by a recognized translator and include all original seals and/or signatures; photocopies are not accepted.

**Do you accept education evaluations?**
Evaluations of transcripts are considered unofficial.

**Do you accept consolidated or provisional transcripts/mark-sheets?**
Consolidated transcripts or provisional mark-sheets are not considered official. Please ask the Registrar to send individual mark-sheets that list grades earned in each term.

**What if I have only one copy of my transcript?**
Send the original copy with a request that it be returned to you upon completion of processing. Copies of official foreign transcripts on file at a previously attended U.S. institution are accepted, provided that the copies are verified by the U.S. institution as those accepted for admission.
